1. Scope

1.1 The following terms and conditions of purchase of Tipper Tie shall apply to all business relationships with companies (Section 14 German Civil Code (BGB)), legal entities under public law, or public law special funds (hereinafter referred to as "**Supplier**") and to all present and future orders placed by Tipper Tie and contracts entered into between Tipper Tie and Supplier.

1.2 Deviating or supplementary terms and conditions of the Supplier shall only be deemed an integral part of any contract if Tipper Tie has expressly agreed to their applicability in writing. The unconditional acceptance of deliveries and services or their payment shall not constitute acceptance of any Supplier's general terms and conditions of sale.

1.3 Any legally binding declarations and / or notices that have to be given to Tipper Tie by the Supplier after entering into the contract (e.g. setting of deadlines, notices of defects, a declaration of rescission or reduction in the price) must be in writing in order to be effective.

2. Entering into Contracts, Information and Amendments to Product Specifications

2.1 Orders placed by Tipper Tie are revocable up until receipt of the acknowledgement of the order or - in the absence of any acknowledgement of the order - up until delivery. The Supplier shall confirm Tipper Tie's order within 2 working days by means of an order confirmation by e-mail to the email address: Auftragsbestaetigung.TipperTie@JBTC.COM. A belated acceptance shall be deemed to be a new offer and is subject to confirmation by Tipper Tie.

2.2 Unless expressly otherwise agreed, the delivery times stated by Tipper Tie are binding.

2.3 The Supplier shall ensure that he receives all information relevant for the performance of his contractual obligations, and to review any documents provided by Tipper Tie for irregularities.

2.4 Tipper Tie is entitled to amend product specifications, provided that said amendments may be implemented in the course of the Supplier's normal production process without any significant additional cost. Tipper Tie shall in each case reimburse the Supplier the evidenced, reasonable extra cost incurred due to the amendment. If such amendments result in such delays in delivery which cannot be avoided by using reasonable efforts within the Supplier's normal production and business activity, the originally agreed delivery date shall be postponed accordingly. The Supplier shall notify Tipper Tie in writing of any additional costs or delays of delivery expected by Supplier in due course before the delivery date, but at least within 5 working days after receipt of Tipper Tie's notification pursuant to sentence 1.

3. Prices and Payment Terms

3.1 The agreed prices are fixed prices. Unless otherwise agreed by the Parties, all prices are stated exclusive of value added tax, but inclusive of packaging, insurance, carriage (DDP Incoterms 2020, receiving point according to Sec. 5.2) and other incidental costs.

3.2 Invoices must state the date of delivery, the invoice number, the order number, the quantity, the price and other order or product allocation information provided by Tipper Tie (in particular, the Tipper Tie article number) and must be submitted following delivery to the invoice address stated in Tipper Tie's order. Unless otherwise agreed by the Parties, payments shall be made (i) within 30 calendar days following receipt of the proper invoice and delivery with the deduction of a 2% cash discount or (ii) within 60 calendar days following receipt of the proper invoice and delivery without any deductions whatsoever.

For so-called contracts for work and services (*Werkverträge*), the date of acceptance shall apply instead of the date of delivery.

Payment shall not be deemed to be any acknowledgement of proper performance.

3.3 Downpayments may only be demanded on the basis of a separate agreement. In case the Parties have agreed on a cash discount in accordance with Sec. 3.2, downpayments shall also qualify for the deduction of a cash discount.

3.4 The Supplier may exercise a right of retention and/or rights to offset only insofar as his counterclaim is based on the same contractual relationship or on an undisputed claim or a claim which has become final and binding.

4. Delivery Dates, Contract Penalty

4.1 Whether agreed delivery times and dates have been complied with shall depend on the date the subject matter of the contract is received at the receiving point as ordered by Tipper Tie; in case of deliveries involving installation, assembly or other services, the date of acceptance shall apply. Tipper Tie is under no obligation to accept delivery before the agreed delivery date.

4.2 The Supplier shall immediately inform Tipper Tie in text form of any threatening or existing delay in delivery, the reasons for such delay and the anticipated duration of such delay. The foregoing shall not affect the occurrence of a default in delivery.

4.3 In the event of any delay in delivery for which the Supplier is responsible, Tipper Tie may demand - in addition to further-reaching statutory claims - a contractual penalty as compensation for the damage caused by the delay in performance, which contractual penalty shall be 0.3 % of the contract value per business day of late delivery, however a maximum of 5% of the contract value, each calculated for the amount of delayed products. This shall be without prejudice to Tipper Tie's right to claim any further. The Supplier retains the right to evidence that Tipper Tie did not have any damage whatsoever or only less damages than the amount of the contractual penalty.

5. Acceptance, Transfer of Risk, Place of Performance

5.1 Delivery shall be at the Supplier's risk and cost. The risk of accidental loss and of accidental deterioration shall pass to Tipper Tie upon delivery of the subject matter of the contract to the place of delivery. If acceptance is required, said acceptance shall be relevant for the passing of risk. The acceptance must be effected in writing.

5.3 If Tipper Tie is unable to accept delivery as a consequence of circumstances, for which Tipper Tie is not responsible (e.g. stoppages due to illegal internal or third-party industrial disputes, force majeure etc.), the risk shall only pass to Tipper Tie when these circumstances no longer prevent Tipper Tie from accepting delivery and the subject matter of the contract is available to Tipper Tie at the agreed place of delivery. If the supplementary performance by Supplier has failed or is unreasonable for Tipper Tie (e. g. due to special urgency, endangering operational safety or imminent occurrence of disproportionate damage), no deadline shall be required; if possible, Tipper Tie shall inform Supplier of such circumstances without delay in advance.
