

## Sta-Fresh® 890HS

### The premium shine, high durability coating for citrus

The premium shine, high durability coating for citrus JBT introduces Sta-Fresh® 890HS, an innovative citrus coating developed especially for packers who require exceptional shine all the way to market. This new coating is the result of advanced coatings research, cutting edge technology coupled with formulation techniques only learned through 75 years of blending experience. Sta-Fresh® 890HS provides superior protection for citrus to help minimize moisture loss while maintaining excellent shine and durability from the packinghouse to the market. This premium coating is highly robust for use over a wide range of packhouse conditions and dries well even under the most challenging packing environments. It is suitable for both the domestic and export markets.

#### Product Features & Benefits

- Attractive high shine with durability over numerous sweat cycles
- Reduced whitening and flaking
- Fast drying
- Excellent shrinkage and moisture loss control
- Packhouse friendly
- Easy to use
