

# FRESH'N SQUEEZE®

Multi-Fruit Juicer

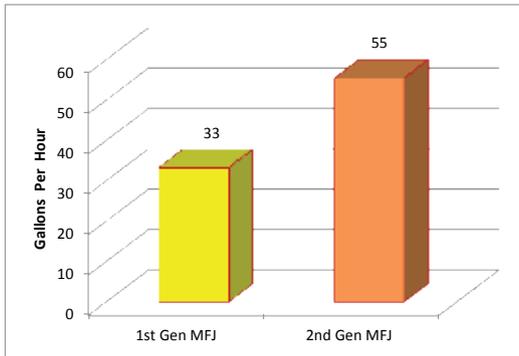

Optional wrapping pattern

Our next generation Multi-Fruit Juicer adds new functionality to your juicing operation

# Design Features:

## Increased capacity

- ✓ Up to 65% juice output increase over current model
- ✓ from 25 to 33 fruit per minute depending on fruit size, type and quality

## Improved Club Member experience

Larger capacity hopper with increased fruit visibility.

Large viewing windows for improved theater.

## Easy to clean surfaces

Stainless steel mainframe makes juicer easy to clean.

## New 1.5 HP Gearmotor

Reconfigured drive section for ease of maintenance and cleanability.

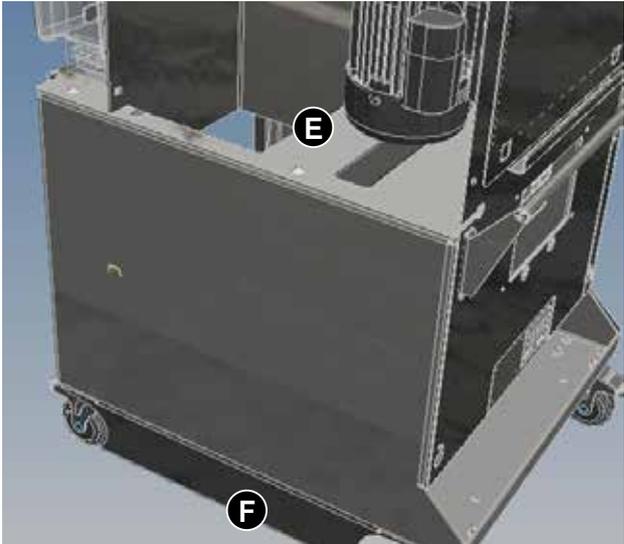

### Safety and Sanitation

Enclosed juice processing area leads to improved food safety conditions.

- B. Convenient cleaning tool holder.
- C. Open cart access for easier cleaning.
- D. Front locking casters for improved operator safety and ease of access.

A. Enhanced splash guard design for increased durability and preventing waste peel from entering juicer drive section.

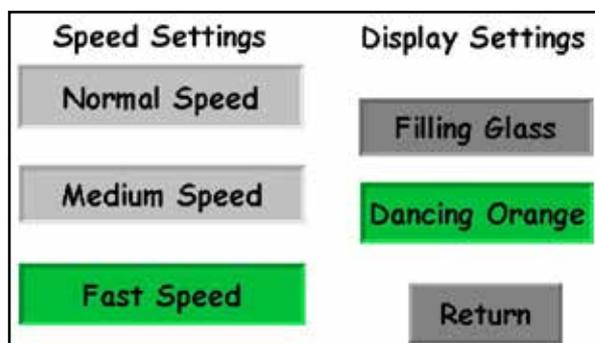

- E. Open frame base allows debris to fall directly into waste bin.
- F. In-board bracing rails provide clearance through doorways and prevent the machine from falling into open drains.

Increased wheel base for improved stability.

## New controls functionality

- ✓ Touch panel controls
  - » Easy to operate
  - » Increased functionality
  - » Stops juicer cycle in cleaning position

## WE ARE YOUR SINGLE SOURCE FOR PROFITABLE PROCESSING & PACKAGING SOLUTIONS

JBT is a leading provider of integrated food processing solutions. From single machines to complete processing lines, we enhance value and capture quality, nutrition and taste in food products. With a local presence on six continents, JBT can quickly provide our customers and partners in the food processing industry with the know-how, service, and support needed to succeed in today's competitive marketplace.
