Simple Solutions for Poultry Processing

MURZAN PUMPS

Models: PI-50, PO-50

Common applications

Feet and Paws
Hearts
Livers
Blood slurries
Gizzards

Skin w/o water
Intestines
Necks
Heads
Other solids

The Murzan PI-50 is the best alternative in the market for handling suspended solids or shear-sensitive products with practically no damage. It is ideally suited to the transport of skin, paws, cut wing segments and all liquids. Its unique design is prepared specifically for the sanitary industry and can be cleaned in place.
